You must have enrolled for life insurance to be able to enroll for Critical Illness and Accidental Dismemberment insurance.

Disability Insurance

In case of a Disability that persists after a period of 60 consecutive days, the insurance provides for the repayment of the Insured Payment to the Bank by the Insurer.

You must have enrolled for life insurance to be able to enroll for Disability insurance. See the *What is the amount of my Disability insurance coverage?* section (p. 14).

b) Summary of specific provisions

Am I eligible for consumer loan insurance?

You can take out consumer loan insurance if you have a consumer Loan from the National Bank.

Two Insureds or more can have insurance coverage for the same Loan. Each of you must fill out a separate Insurance Application.

You can ask for Loan insurance at any time during the life of your Loan.

You are eligible for life insurance if, when you fill out the Insurance Application, you are:

- › between the ages of 18 and 64,
- › a resident of Canada or the United States,
- › a borrower, co-borrower, guarantor, endorser, or the spouse of one of these persons.

If you are not eligible for life insurance, you are also not eligible for Disability, Critical Illness or Accidental Dismemberment insurance.

You are eligible for Critical Illness and Accidental Dismemberment insurance if you have signed up for life insurance.

You are eligible for Disability insurance if:

- › you have signed up for life insurance, and
- › you were paid for at least 60 hours of work in your usual job in the four weeks immediately before you signed the Application or you had at least \$10,000 in gross income from your work during the last fiscal year before you signed the Insurance Application if you are a self-employed worker.

Important: You are not eligible for Disability insurance if you are receiving income replacement benefits or you are on leave of absence or unemployed.

What is the amount of my life insurance coverage?

In the event of the death of an Insured, we will pay to the Bank the life insurance benefit according to the following rules:

If accidental death

The bank will receive the death benefit corresponding to the unpaid insured balance calculated at the date of death, plus any accrued interests since the date of death.

If non-accidental death

The Bank will receive the death benefit corresponding to the lesser of:

- › the Insured Amount of the Loan at the date of the Insured Event; or
- › 110% of the average daily balance of the loan used during the 12 months preceding the date of the Insured Event (or since the effective date of the life insurance if it has been in effect for less than 12 months).

The death benefit cannot exceed the amount indicated in the *What is the maximum amount payable for each coverage?* section of this Guide (p. 18).

The death benefit under no circumstances includes principal, interest or premiums past due on the date of death. Any insurance premium due on the date of death will be deducted from the death benefit.

If premiums are received by the insurer after the date of death, they will be reimbursed, without interest.

What is the amount of my Disability insurance coverage?

You may be entitled to Disability benefits if, for more than 60 consecutive days, you are unable to perform the normal duties of your occupation or the activities considered normal for a person of the same age (if you are unemployed at the beginning of your Disability).

If accidental Disability

The Bank will receive the Disability benefit corresponding to the lesser of:

- › 2% of the unpaid Line of Credit balance as at the Disability benefit start date; or
- › The amount chosen by the applicant in multiples of \$250.

If non-accidental Disability

The Bank will receive the Disability benefit corresponding to the lesser of:

- › 2% of the unpaid Line of Credit balance as at the Disability benefit start date; or
- › 2% of 110% of the average daily balance of the Loan used during the 12 months preceding the date of the Insured Event (or since the effective date of the life insurance if it has been in effect for less than 12 months); or
- › The amount chosen by the applicant in multiples of \$250.

The Disability benefit cannot exceed the amount indicated in the *What is the maximum amount payable for each coverage?* section of this Guide (p. 18).

You must continue to make Loan payments and pay insurance premiums during the Disability while we evaluate or re-evaluate the benefit claim.

For each day of Disability that falls outside a full payment period, the Insurer will pay 1/30th of the Disability benefit.

What is the Waiting period?

The Waiting period is 60 consecutive days and is calculated as of the first day following the start of the Disability (last day worked).

How long will I receive Disability benefits?

- › All Insureds for a Loan are collectively entitled to a total of 48 months of benefits during the term of the Loan.
- › When an Insured has filed a claim on account of a Disability, he may receive up to a maximum of 24 months of consecutive benefits. At the end of this period, the benefits cease, even if the Insured's Disability still exists.

What is the amount of my Critical Illness Insurance coverage?

In case of Critical Illness, the Bank will receive the Critical Illness benefit corresponding to the lesser of:

- › The Insured Amount of the Loan at the date of the Insured Event; or
- › 110% of the average daily balance of the Loan used during the last 12 months preceding the date of the Insured Event (or since the effective date of the insurance if it has been in effect for less than 12 months).

The Critical Illness benefit cannot exceed the amount indicated in the *What is the maximum amount payable for each coverage?* section of this Guide (p. 18).

Payment of a Critical Illness benefit terminates the Critical Illness and Accidental Dismemberment insurance for all Insureds.

If, on the date of diagnosis, the Insured Amount for Critical Illness and Accidental Dismemberment insurance is less than the Insured Amount for life insurance, life insurance will remain in effect for all Insureds, covering the initial Insured Amount minus the amount of the Critical Illness benefit. Premiums will be adjusted accordingly.

The Critical Illness benefit under no circumstances includes principal, interest or premiums past due on the date of the Critical Illness diagnosis. Any insurance premium due to the Insurer on the date of Critical Illness diagnosis will be deducted from the Critical Illness benefit. If loan insurance premiums are received by the Insurer after the Insured's Critical Illness diagnosis, the excess premiums paid after the Insured's diagnosis will be reimbursed, without interest.

What is the amount of my Accidental Dismemberment insurance coverage?

In case of the loss or loss of use of a limb due to an Accident, we will pay the Bank a benefit equivalent to the following percentages:

Loss	Percentage of the lesser of the Insured Amount or \$1,000,000
For each limb lost (including an eye)	25% (maximum 100%)
For both eyes	100%
Hemiplegia, quadriplegia or paraplegia	100%

The Accidental Dismemberment benefit cannot exceed the amount indicated in the *What is the maximum amount payable for each coverage?* section of this Guide (p. 18).

This benefit will be applied toward repayment of the Loan plus any interest accrued since the date of diagnosis of Accidental Dismemberment. If the Accidental Dismemberment leads to Disability, the Accidental Dismemberment and Disability benefits will both be paid.

The total benefits payable for losses resulting from one or more Accidents may not exceed the amount provided for under the *Maximum Benefit* section of the certificate.

Payment of the Accidental Dismemberment benefit of 100% of the Insured Amount terminates the Critical Illness and Accidental Dismemberment insurance for all Insureds. If the benefit is less than 100%, the insurance will remain in effect on the new Insured Amount, less the Accidental Dismemberment benefit paid.

If, on the date of diagnosis, the Insured Amount for Critical Illness and Accidental Dismemberment insurance is less than the Insured Amount for life insurance, life insurance will remain in effect for all Insureds, covering the initial Insured Amount minus the amount of the Accidental Dismemberment benefit. Premiums will be adjusted accordingly.

The Accidental Dismemberment benefit under no circumstances includes principal, interest or premiums past due on the date of the Accidental Dismemberment diagnosis. Any insurance premium due to the Insurer on the date of the Accidental Dismemberment diagnosis will be deducted from the Accidental Dismemberment benefit. If loan insurance premiums are received by the Insurer after the Insured's Accidental Dismemberment diagnosis, the excess premiums paid after the Insured's diagnosis will be reimbursed, without interest.

What is the maximum amount payable for each coverage?

Coverage	Maximum benefit
Life	\$1,000,000
Critical Illness and Accidental Dismemberment	\$1,000,000
Disability	\$5,000/month

Who is the beneficiary of the insurance?

We pay all insurance benefits directly to the Bank.

Do I have to answer questions about my health status?

When you apply for insurance, you must answer the questions in the *Health Declaration* that apply to your situation.

If your Application does not require further proof that you are insurable, you are insured once you have signed your Insurance Application, subject to the accuracy of the information provided.

If your Application requires further proof of your insurability, such as a detailed telephone questionnaire or a paramedical examination, we or one of our partners will contact you. In the 30 days following receipt of all the information required to study your file, we will send you a letter to confirm our decision. This letter is your proof of coverage and it is important that you keep it.

If we determine that you are not insurable according to our criteria, we will notify you in writing.

Please contact us if we have not contacted you or if you have not received a letter from us within 30 days following the sending of all the documents required to analyze your file.

Am I covered if an event occurs while my Application is being studied?

If you have to submit further proof of insurability, such as answering a detailed insurance questionnaire, you will be covered by temporary insurance while we study your file.

This temporary insurance policy covers you in the event of death, Accidental Dismemberment or Disability **only as the result of an Accident**. You are not covered by Accidental Dismemberment or temporary Disability insurance if you do not ask for these coverages on your Insurance Application.

The temporary policy covers you while your file is being studied up to a maximum of **120 days**. However, if you do not submit the necessary proof we requested to study your file, the temporary insurance expires after **90 days**.

In the case of a non-accidental event, we will complete the assessment of your file. If your request is accepted, we will pay the benefits provided for in the certificate based on the coverage chosen.

What happens if an Insured commits suicide?

In the event of suicide of the Insured within the first two years following the effective date of the insurance, regardless of the Insured's mental health, our obligation is limited to refunding, without interest, any premiums paid by the Insured, if applicable, and the insurance will be automatically cancelled retroactive to its effective date.

In what situations am I entitled to a refund of premiums?

In addition to the specific situations mentioned in the certificate and in this Guide, we will refund to you any overpayment of premiums, without interest.

When the Application is cancelled retroactive to the date it took effect, all premiums paid are also refunded.

Any application for a refund of premiums must be made to us by telephone or in writing. We will analyze the application, and if it is for premiums that should not have been collected, these premiums will be refunded, without interest.

How is the insurance premium calculated?

The amount of your premium is calculated based on the premium rates in effect when you sign the Insurance Application.

The premium rate varies based on:

- › the Insured Amount
- › your age and your gender
- › your tobacco use
- › the number of Insureds (life insurance and Critical Illness and Accidental Dismemberment insurance)

IMPORTANT: The insurance is automatically renewed each year for the Insured Amount indicated, based on your age on the Loan insurance enrolment anniversary date.

The premium pricing schedule can be found in section 4 of your insurance certificate.

The Insurer reserves the right to amend the premium pricing schedule at any time. If applicable, the new schedule will apply to all Insureds under the Policy.

How do I pay my premium?

The amount of the premium is debited monthly from your line of credit or any bank account of your choice.

What happens if I can't pay my insurance premium?

We allow you a 30-day grace period to pay the unpaid premium.

Your insurance coverage will automatically end as soon as a premium payment is three months overdue.

When does my insurance start?

If you meet the eligibility and insurability criteria, the insurance will take effect on the later of the following two dates:

- › the date on which the Insurance Application is signed; or
- › the date on which the Loan is open.

Premium collection begins when we receive your completed and signed Insurance Application.

Can more than one person be insured for the same Loan?

- › Two or more Insured persons can be insured for the same Loan.
- › For life and Critical Illness insurance, the benefit is payable in the case of the first incident only.
- › For Disability insurance, the amount of the benefit can in no way exceed the Insured Amount of the Disability insurance nor the maximum benefit period provided for all Insured.

The Disability benefit cannot be paid to more than one Insured at a time.

- › In the event of simultaneous Accidental Dismemberment of more than one Insured, if it is not possible to determine who suffered the loss first, the higher benefit will be paid first and so forth on the reduced balance, without exceeding the amount established in the Maximum Benefit clause of the certificate mentioned in the *What is the maximum amount payable for each coverage?* section (p. 18) of this Guide.

You must go through the 60-day Waiting period before you can receive benefits, but you may submit your claim before the end of this period.

You are responsible for any payments that are due during the Waiting period and when the Insurer is evaluating your claim.

You must send all the documents to the Insurer at the latest one year after the date of the Insured Event. If the Insurer does not receive the documents within this one-year period, you will lose your right to any Disability insurance benefits.

We will cease to pay you Disability benefits when the first of the following events occurs:

End of the Disability: The date you are no longer disabled according to the definition of Disability on page 08 of this Guide.

Return to work: The date you return, or start a gradual return to work, or receive a temporary assignment. A return to work may be to carry out normal job duties, or any other duties, including light duties.

Paid activity: The day you undertake an activity for profit or pay.

Failure to submit proofs: If you fail to provide the proofs of Disability that we request, or you fail to submit to a medical examination or rehabilitation program required by the Insurer, we will terminate payment of the benefits.

Loan expiry: The Loan is repaid in full, the amortization period has ended or the closing date of the Loan.

Maximum repayment period reached: When we have made 24 consecutive monthly payments for the same Disability, or 48 months in total, for all Insureds and the entire Loan term.

Maximum age: The last day of the month in which you reach the age of 70.

Death: The date of the Insured's death, if a life insurance benefit repaying the Insured Amount of the Loan is payable in his regard.

Critical Illness or Accidental Dismemberment: When the Insured receives a diagnosis of Critical Illness or Accidental Dismemberment and a benefit repaying the Insured Amount of the Loan for life insurance is payable in his regard.

Critical Illness or Accidental Dismemberment Claims

If you receive a diagnosis of one of the Critical Illnesses covered, namely:

As the case may be, you will be asked to attach other documents, such as a pathology report, an electrocardiogram, or other. Your file analyst will inform you.

You must send us all the documents no later than one year as of the date of the Insured Event. After this date, you lose your right to receive benefits for this coverage.

Insurer's deadline for replying after receiving a claim

In general, we will contact you with our decision whether or not to pay you benefits within 60 days following receipt of your claim at our offices. When we decide to grant the benefit, we pay for it within the same 60 days.

Certain factors beyond our control may prolong this period:

5. Notice of cancellation of an insurance contract

Notice given by the distributor

Section 440 of the Act respecting the distribution of financial products and services.

The Act respecting the distribution of financial products and services gives you valuable rights.

The Act allows you to rescind an insurance contract you have just signed when signing another contract, without penalty within 10 days of its signature. The Insurer grants you 30 days to do this. To do so, you must give the Insurer notice by registered mail within that period. You can use the attached model for this purpose.

Despite the rescission of the insurance contract, the first contract entered into (the Loan) will remain in force.

Caution: it is possible that you may lose advantages as a result of this insurance contract; contact your distributor or consult your contract.

After expiry of the 30-day period, you may rescind the insurance at any time; however, penalties may apply.

For further information, contact the *Autorité des marchés financiers* at **418-525-0337** or toll-free at **1-877-525-0337**.

An Act respecting the distribution of financial products and services

439. A distributor may not subordinate the making of a contract to the making of an insurance contract with the insurer specified by the distributor. The distributor may not exercise undue pressure on the client or use fraudulent tactics to induce the client to purchase a financial product or service.

440. A distributor that, at the time a contract is made, causes the client to make an insurance contract must give the client a notice, drafted in the manner prescribed by regulation of the Authority, stating that the client may rescind the insurance contract within 10 days of signing it.

441. A client may rescind an insurance contract made at the same time as another contract, within 10 days of signing it, by sending notice by registered mail.

Where such an insurance contract is rescinded, the first contract retains all its effects.

442. No contract may contain provisions allowing its amendment in the event of rescission or cancellation by the client of an insurance contract made at the same time.

However, a contract may provide that the rescission or cancellation of the insurance contract will entail, for the remainder of the term, the loss of the favourable conditions extended because more than one contract was made at the same time.

443. A distributor that offers financing for the purchase of goods or services and that requires the debtor to subscribe for insurance to guarantee the reimbursement of the loan must give the debtor a notice, drawn up in the manner prescribed by regulation of the Authority, stating that the debtor may subscribe for insurance with the insurer and representative of the debtor's choice provided that the insurance is considered satisfactory by the creditor, who may not refuse it without reasonable grounds. The distributor may not subordinate the making of the contract of credit to the making of an insurance contract with the insurer specified by the distributor.

No contract of credit may stipulate that it is made subject to the condition that the insurance contract subscribed with such an insurer remain in force until the expiry of the term, or subject to the condition that the expiry of such an insurance contract will entail forfeiture of term or the reduction of the debtor's rights.

The rights of the debtor under the contract of credit shall not be forfeited when the debtor rescinds, cancels, or withdraws from the insurance contract, provided that the debtor has subscribed for insurance with another insurer that is considered satisfactory by the creditor, who may not refuse it without reasonable grounds.

6. Accessing your personal information

All files will be kept at the offices of the Insurer or one of its agents. All entitled persons, such as yourself or any person you authorize, may consult the personal information contained in the file and, if need be, request corrections by writing to:
