Accident Recovery Benefits

Because what matters most is you!

By their very nature, accidents are unpredictable and happen when you least expect them.

After an accident, would you have the necessary financial resources to meet your needs without plundering your savings?

AcciInsure, Accident Recovery Benefits, offers you daily benefits should you be hospitalized following an accident.

A program that pays in 3 ways:

\$100
per day in case of
hospitalization

\$100 in your pocket for each day of hospitalization.

+

\$400
per day for
convalescence

You also get \$400 per day of hospitalization for your recovery, even if you go back to work!

+

\$900
per day in case of
hospitalization
while you travel

Even while on a trip! If you are in the United States, Mexico or a covered region of the Caribbean,[†] you receive an additional \$900 per day of hospitalization.

Subject to policy's terms and conditions.

[†] Covered region of the Caribbean means the following countries and islands: The Bahamas, Bermuda, Cuba, Jamaica, Cayman Islands, Turks and Caicos, British Virgin Islands, U.S. Virgin Islands, Puerto Rico and the Dominican Republic.

Valuable protection at a low price!

Whether it follows a work or car accident, hospitalization can cause a great deal of worry.

In these difficult times, financial aid can take away your worries, allowing you to focus on what matters most: **you, your health, your recovery.**

An insurance in case of hospitalization that allows you:

- › To forget about financial worries in case of accident
- › To protect your family for a low cost
- › To keep your savings in case of accident
- › To use the amount paid at your discretion

For example:

Hospitalization for 1 week following a road accident

\$100 for each day of hospitalization	\$700
	+
\$400 per day of hospitalization to help with convalescence	\$2,800
	=
	\$3,500 to use as you see fit

Exclusions and limitations

No hospitalization or convalescence benefit will be paid if the hospitalization was directly or indirectly caused by one or more of the following events:

Self-inflicted harm: attempted suicide, self-inflicted injury while sane or insane.

War or insurrection: declared or undeclared war, any act of war, riot or insurrection or service in the armed forces of any country or international organization.

Drugs: the use or taking of any narcotic, barbiturate or any other drug by the Covered Person, unless taken or used as prescribed by a Physician.

Alcohol: the Covered Person's blood alcohol level is 80 mg of alcohol per 100 ml of blood or higher.

Aircraft: while the Covered Person is acting as a pilot or crew member in any aircraft or while a passenger other than a fare-paying passenger on any aircraft.

Criminal offence: while the Covered Person is committing or attempting to commit a criminal offence or terrorist act involving the use of weapons, explosive devices or agents, chemical, biological or nuclear weapons.

Disease: disease, bodily or mental infirmity or medical or surgical treatment of these.

High-risk activity: including but not limited to motor vehicle racing, scuba diving, skydiving, parachuting, hang gliding, rock or mountain climbing, bungee jumping or flight accidents except as a passenger on a commercially licensed aircraft.

Personal Information

The Insurer has implemented a series of measures to ensure the confidentiality of personal information.

The Insurer will establish an insurance file in which all personal information obtained for underwriting the Policy and any claims made thereunder is included. Only employees or agents responsible for underwriting, administering or investigating claims or the reinsurer, if applicable, will have access to the file.

All files will be kept at the offices of the Insurer or of one of its agents. Any individual entitled to do so (you or any authorized person) may access their own personal information contained in their file and may request that it be changed as needed by writing to:
