Here are the 10 important facts you need to know about loan insurance

1. Loan insurance offers life insurance coverage

In the event of your death, **life insurance** will pay down your loan and free your family from one of the many obligations that come with the death of a loved one.

 You will find specific information in section 1 of the insurance certificate.

2. Loan insurance covers the insured amount of your loan up to the date of death

In the event of death, we pay the outstanding balance on your loan, calculated on the date of death, up to the maximum amount for life insurance (\$500,000).

Maximum amount payable for life insurance

The amount payable for a claim cannot exceed the maximum.

- › **Life insurance: \$500,000**

In the case of a refinancing where previous insurance coverage is being recognized, the insurance amount recognized will be the insured amount of the previous loan before the refinancing.

For example:

	Insured amount at refinancing	After refinancing
Loan amount	\$20,000	\$35,000
Recognized life insurance amount	–	\$20,000

 See sections 5, 6 and 7 of your insurance certificate for more information on the amount payable.

3. Loan insurance involves exclusions

We may refuse to pay a claim because of the exclusions set out in the insurance certificate.

Please review them immediately. We've summed them up here for you:

WARNING – Exclusions

We will not pay any benefits in the following situations:

- › Suicide within 2 years of the insurance start date.
- › Pre-existing conditions: Have you consulted a physician, or been treated or hospitalized for a medical condition within the 12 months preceding the start date of your insurance? Note that the exclusion for a pre-existing condition will apply if death, a disability or a critical illness diagnosis in relation to the condition occurs within the 12 months following the start date of your insurance;
- › War;
- › Active participation in a riot;
- › Use of narcotics without a prescription or of medication beyond the prescribed dosage;
- › Active participation in the flight of any device capable of lifting off and travelling in the air—including but not limited to airplanes, helicopters, hang gliders and hot-air balloons—, be it as a pilot, crew member, instructor or student.

The specific and more detailed exclusions concerning the protection is described in section 11 of the insurance certificate.

4. You must meet certain criteria to be insured

To be eligible, you must, at the time of enrolment:

For life insurance:

- › Be 18 to 64 years old, inclusively;
- › Be living in Canada or the United States;
- › Be a borrower, co-borrower, guarantor or endorser of the insured loan.

Depending on your age and the amount of coverage requested, we will ask you some questions about your state of health and lifestyle.

See section 2 of the insurance certificate for more information.

5. Your premium is fixed throughout the loan duration

The premium is the amount you pay in order to be insured. As long as the terms and conditions of your loan do not change, your insurance premium will remain the same.

We reserve the right to amend our premium rate scales at any time. If we do so, the premiums charged to all our insureds will change.

The premium rate can be based on:

- › The insured amount; or
- › The age of the oldest insured person.

A reduction is applied to the premium based on the number of insured persons.

The insurance taxes of your Canadian province of residence will also apply.

The insurance premium is collected on the first day of each month.

SAMPLE PREMIUM CALCULATION

Ann, 28-year-old woman

Demand note of **\$17,000**

Life insured

Age	Life
	(Rate per \$1,000) \$0 to \$500,000
18-25	0.30
26-30	0.30

Life insurance premium calculation

(Insured amount/\$1,000) X premium rate X taxes on insurance by province (Quebec: 9%)

$$(\$17,000/\$1,000) \times 0.30 \times 9\% = \$5.56$$

Total monthly premium: \$5.56

 Consult the insurance certificate for premium rates and nbc.ca for tax rates.

6. Duration of insurance

Start

The insurance starts on the later of the following dates:

- a The insurance application is signed; or
- b The loan was opened.

If you are required to provide proof of insurability, we will notify you in writing of our decision within 30 days of receiving the documents needed to analyze your insurance application.

End

Insurance generally remains in effect for the entire loan duration, unless you decide to terminate your coverage.

Other circumstances also lead to termination of the insurance, like refinancing, non-payment of premiums or when you reach the age of 70.

 See section 12 of your insurance certificate for more information.

7. You'll have access to temporary accident coverage while we are studying your application

While we are analyzing your insurance application, you'll be covered in the event of accidental death.

 See sections 1 and 3 of your certificate for the definition of an accident and details of temporary coverage in the event of an accident.

8. We can refuse a claim and cancel your insurance if you make a false declaration

You must always provide accurate information on your health status, lifestyle and any other information we deem necessary.

If, during a claim or at any other time during the insurance period, we receive information that differs from the information you initially provided, **we could refuse your claim and retroactively cancel your insurance** from its start date.

 See sections 2 and 4 of your insurance certificate for more information.
